Reviews

"His persona of the transgender member was exceptional. Every nuance of his behaviour captured the detail and emotion of his character. He was the mainstay of the action" – For "Priscilla Queen of the Desert" (2017)

"As devoted son, Mark, he was sublime. A light comic touch allowed him to get every ounce of laughter out of the delicate comedy whilst a strong connection to the emotion helped him demonstrate the close bond with his mother, and the complications with breaking away with his intended" – For "A Passionate Woman" (2018)
